

## **Project Technician – Great Billing or Thorpe Wood (IOS) Integrated Operational Solutions.**

This is your opportunity to join Anglian Water to enhance your valuable skills and experience, whilst being part of a company dedicated to building a sustainable future. Water is essential to life, to people and to the environment – develop your career with us and help us in securing the future water supply for our region.

### **Discover what's possible**

#### **What will you be doing?**

Working with the AW Non-Infra Data team and the Infra Data team, this role is focused upon gathering data for Project Delivery Managers and Project Engineers through SAP interrogation and site surveys and also for Schemes outputs and Deliverables.

This information is essential to efficient and effective operations and maintenance of Water and Water Recycling sites and increasing the quality of asset data and equipment records held in SAP and on GNET

#### **What does it take to be a Project Technician?**

- Update and produce accurate performance reports and ensure timely delivery for the team.
- Ensure live dashboards are up to date displaying relevant and current information.
- Compile business unit report packs and distribute as required.
- Manually run reports to meet targets as required.
- Update and amend performance reports in line with Business requirements and changes.
- Use technical expertise and operational knowledge to interpret data and present in an understandable format. Verify and amend data to ensure accurate reporting.
- Through data interrogation, amend obvious data anomalies, highlighting key information to the manager.
- Provide data trends and error reports
- Make recommendations to prevent recurring errors
- Liaise with Report Developer for enhancements / amendments to existing reports.
- Support in collating data to support Operational FLM requests.

#### **What do you need?**

- Microsoft Visual drawing knowledge
- SAP experience would be useful but not essential
- Knowledge of the processes and equipment involved in water supply or water recycling operations
- Excellent communication skills
- Understanding of the use and importance of maintenance standards
- Excellent IT skills, particularly Excel, Access, and preferably experience using mobile field device

# come and work with us

- Proven ability in collating and using spread sheet data
- Ability to work to tight deadlines
- Ability to manage/prioritise workloads

## **Benefits:**

As well as offering a competitive salary, remuneration for this role includes flexible benefits, which provides a range of guaranteed benefits including but not limited to:

- Bonus scheme
- Generous annual leave allowance
- Competitive pension scheme
- Flexible benefits to support your wellbeing
- Flexible working (dependent on your role)
- Plus lots more!

## **About Barhale:**

Barhale is one of the largest privately owned civil engineering and infrastructure specialists with 40 years' experience working UK-wide across the water, transport, built environment and energy sectors. Founded by our Chairman, Dennis Curran in 1980, the group was originally set up as a specialist tunnelling contractor. Whilst we retain our tunnelling roots, repeated success in several sectors of the construction industry has enabled us to expand our skill set and become one of the largest privately owned infrastructure specialists in the UK.

## **What we do**

We provide design, construction and maintenance services to the following sectors;

- Water
- Transport
- Energy
- Built Environment

We also possess a range of specialist skills to support our civil engineering and infrastructure activities including

- Tunnelling
- MEICA capabilities
- In-house design
- A steel-fabrication and supply subsidiary (BCS Group)

## **Who we are**

Barhale operate as a tier 1 partner for blue chip, regulated and private clients. We work as part of large frameworks, joint ventures and alliances, as well as on individual projects developing long-standing relationships based on Trust, Integrity and Pride.

## **Our People**

We employ a direct workforce of over 800 employees nationwide. We recognise that our business is only as good as the people we employ, which is why we value them so highly

# come and work with us

and invest in regular training and development, utilising our dedicated training facility in Walsall.

## **How to apply:**

Please send your current CV and covering email outlining your suitability for the role to **[careers@barhale.co.uk](mailto:careers@barhale.co.uk)**

We are an equal opportunities employer. We are determined that no job applicant or employee receives less favourable treatment on the grounds of sex, pregnancy or maternity, gender re-assignment, sexual orientation, religion or belief, marriage or civil partnership, age, race or disability. All information will remain confidential to Barhale and will be handled in accordance with the requirements of the Data Protection Act.
