Digital Printer Operator - Signs

The Role:

Responsible for the operation of Flatbed and Roll to Roll UV printer and cutting equipment; Canon and Zund machinery, to manufacture commercial and bespoke signage. Complete audits as requested and contribute to the annual stock check. Working as part of the signs operations team and providing full operational support to all areas of the business.

Key Responsibilities:

Production

- Responsible for the manufacturing of commercial and bespoke signage using the Canon flatbed printing machine, working with the Supervisor ensuring the machine is utilised to maximum capacity.
- Laminating and vinyl cutting operations. Mounting and laying up vinyl to various substrates.
- CNC router operation, operating a seamless manufacture process from print to cut.

Commercial

- Maintain accurate stock levels within the system by ensuring orders are picked accurately.
- Report stock issues and highlight where customer orders could potentially be delayed.
- Complete stock audits as requested, feeding back to the Supervisor and Quality Team.
- Support the business during annual stock checks.

Health and Safety

- Complete tasks in accordance with the risk assessments, notify the Supervisor of any potential noncompliance. Report accidents and near misses using the correct methods.
- Ensure the correct PPE is used in the depot at all times.
- Maintain excellent levels of housekeeping, ensure areas are free from waste and trip hazards etc
- Complete routine checks and cleaning process for equipment used as required.

Quality

- Ensure works are carried out in accordance with processes.
- Contribute to continuous improvement by providing suggestions and feedback to Team Leaders and Management.
- Work to agreed timescales updating the Supervisor on progress. Maintain good communication with Team Leaders and Management at all times.
- All orders are to be wrapped, banded and packaged as per delivery method.
